“ *As I will not be able to attend our dear friend Betty's funeral I wanted to express my sincere sympathy to her family and friends. I've known Betty for 60 years. We worked together at the bank along with 4 others. After we all went our separate ways-starting families, new careers, relocation,etc-we decided to form a "club" so we wouldn't loose track of each other. Over 50 yrs later, we still get together once a month! We have been through marriages, births, deaths and everything in between. Betty very seldom missed a get together. She was a wonderful friend and will be missed by all. Her love of her family was always important and shown through each month we saw her.Cheryl Hoercher*

“ *Our families go way back to the farming community in the Caseyville-East St Louis area. We both came from hard working farm families. When things weren't quite so busy, there were pinochle games and the kids would play games. Her brother Roy and I were the youngest. Betty was always so nice to us. Our paths would cross over the years. We were so touched when she came to the visitation for our Mom, Lucy Weissert, who died at age 103, in 2017. Our love and prayers are with you in remembering this special lady.

I remembered something else about the Merwin family. For those who might remember the flood of 1957—We were coming home from visiting some cousins in Collinsville. Our farm was close to routes 111 and 50. Merwins was closer to 157 and route 50. Way before interstate 64. I don't remember all the details although I am sure my brother would.

Parts of route

50 were closed. We tried some back roads. Dad was going to cross the canal bridge and walk to our house for a tractor or truck. But the water was already too deep and he didn't swim. So we ended up at Merwins house. Of course they welcomed us. Then they remembered the courtney family who lived on Bunkum road and were probably in danger. So the men and boys that were old enough to be of help went to rescue them. My brother Carl, was 15 so he also went. I was only 8 so probably Elda found a comfy bed for me. The men were out most of the night helping the Courtney family. The ladies were at Merwins house but I doubt that they slept. There were no cell phones then so you can imagine how worried the ladies might have been. Somehow there was breakfast for everyone the next morning. Later in the day we were able to get back home. Such wonderful farmer friends in time of need.

“ She was my best friend for over fifty years. She was always there when I needed a laugh for a pick me up, some friendly advice, or just talking to kid around. Every time together at bowling, Club, “Classy Lassy” or anything it was always laughter, good talks and “food”. She was the most considerate, kind-hearted person I know. I’ll miss you forever, Betty. “ Betty was the most generous, loving, caring person that I have ever met. She would always be there for you if you needed her. I will miss Betty more than I can say. We would talk alot on the phone and oh yes go out to eat. As we all know she "loved" to go out to eat. Also always had a good time with Betty and Barry! There is not too many people in this world that you cannot say a bad thing about. That was Betty, no unkind words about her. She was the sweetest, kindest lady. She was a great neighbor to my Gruner family as we all grew up, a friend to my Mom and then after Mom passed she kept an eye out on Dad. She would report on him! LOL She was such a friend to us all. She will be missed by many. Sincere Condolences to her boys and their families. Prayers are with you.

P.S. Hopefully she has already found Mom up there and they are out to eat and playing dominos!
