“ Carol will be missed severely. Always a word of advice or a piece of mind when needed, I truly enjoyed Carol's perspective on things. What a dear lady with a giant heart. I was always amazed at her ability to see things for the way they really were.

“ I am a co-worker of Carol's at USDA Guaranteed Loans. I was one of Carol's runners whenever she brought food for special events or whenever she brought food just because she "got a hankerin" for something to eat that she wanted to share with all of us. She would call me, tell me her ETA and I would meet up with her at the circle drive to bring her goodies up to the department. She would do this out of the goodness of her heart, and man could that woman cook! I never passed up anything she cooked or baked for us but most of all I loved her breakfast egg casserole. It was top shelf. We will miss her craziness, her laugh, companionship and a whole lot of other things but most of all having her as a friend we can see, hear and touch. She is a beautiful person we will never forget...God Bless you Carol, we love you.

“ You lived your entire life to support and take care of us. We have always been so proud of you and could not even imagine all the hardships you've been through to be as strong as you are. You are our role model and we can only hope to follow your footsteps. You were the most caring and supportive person, we have ever known. You were always there for us no matter what and have supported us with everything we have ever done. We are gonna miss your brutal honesty, your weird looks you give, your laugh, and your hugs. I think I can speak for everyone when I say your cooking!! Our hearts are breaking without you here, but we know your in a better place watching over us. We love and miss you so much!! You will always be with us.
