“ I remember when we were little our cousin Tony put Denny in my baby stroller and broke it. The three of us were together a lot. And at weddings Denny and I always did the twist together or we chased each other.

“ What a good guy! My first year as the janitor at Grantfork Elementary in 2019 Denny pulled me and my stuck mower out of the mud several times. He kept an eye on me and was so nice to visit with.

“ I babysat Denny for several years as a baby and toddler. We had fun together as I spent my babysitting earnings on activities such as the movies. One time an event at the Washington Theater found me looking everywhere for him in the theater. He had duck down to the floor and crawled from where we were sitting in the back all the way to the front under all the chairs. You can imagine how dirty he was when I finally found him. He was so proud of himself. But over all he was good for me.
