“ Dear Uncle Fred,
Sooo many memories with so little time.
We were kids together you weren't very much older than us but you took care of me Simon David Joe Jesse I guess Barbara was around at that time yes David came later but I don't remember you too much then being around. Of then you were in high school and you were busy with that I do remember your friends not clearly but there you playing music with your friends and few songs that you love so well sitting around the dining room table while you sing with your friends in place I think I had a crush on almost everyone there. I want to thank you for taking care of us and loving us I have so many memories and no one to share with as much as I would love to share more memories with you. But I was grateful that you came in and 2017 I believe it was I have the pictures I posted when you came in to see your friend get his honorary name on the street signs the corner of North and Wells in Chicago. You get to see friends you haven't seen in a while and reminisce but we had a blast! Then we were looking enough to see my brother Isaac play in the morning and got to see Fernando play in the evening. Thanks for the memory.
I remember two distinct songs that you used to play and love them one was oh Donna and also Brandy and no one was surprised when you named your daughter Brandy you and your lovely wife Sharon loved her so much. We all have a lovely time as as it gets together and we got to work on and we'll be a part of Brandy's wedding.
How many parties and how many picnics that we played that you played your music with uncle Hank and Phil and mom singing. Oh and that Grandma's birthday party this year was a lot of love that day.
You moved away so young.
First in the service, you were so handsome in uniform..
I always treasure the times spent together the good and the sad.
As my sister Barbara used to say sleep with the good angels.
I'll always remember you in my heart and prayers. Be at peace dear uncle 😞😞

“ I met Fred late in life but we became good friends in a short period of time.
He frequently came to our band gigs and occasionally sat in with us, playing bass and singing. He loved music as much as I. He also took me to the range and taught me how to shoot. After he met Cathy he was a happy man, and if there is a consolation to the family is that he spent the last several years of his life happy , living in Florida, enjoying great meals and going on cruises.
God Bless Cathy for taking care of him . He will me missed .

Uncle Fred was one of a kind. He had a love of life you don't see much anymore. This world is a darker place without his light shining!! He always had a smile and a hug and never met a stranger. From the day he married Aunt Sharron, he became a huge part of our family and always made us Owens' kids feel so special. Uncle Fred, you will be missed more than you know, but you will never be forgotten because who could ever forget you!! We love you!!
