“ My sympathies to the family. Very belated, but I just found out earlier today. I have many great memories, having first met Gene in college at U of I. Upon graduation, Gene was drafted into the Army at the same time as I. Although our basic training was at different facilities, we landed at Ft Sill, OK for AIT and spent the rest of our Army time together in the same unit in Germany. We spent much time together and became close friends. I will always remember Gene constantly playing with his mustache, drinking coffee, reading a paperback and always being very knowledgeable about current events. Needless to say, he always had strong convictions about whatever topic was being debated. My friend, rest in peace.

“ You have my deepest sympathy. I knew Gene through a friend of mine. He was a great guy. He will be missed. May God bless you and give you comfort in the days ahead.

“ My deepest sorrows to Gene's family. He was a genuine and caring man. When we would tend his garden he would school me on the birds out his window. I remember sitting and talking about each of his cookie jars. Oh, how he loved his circus set. Gene would frequently talk of his brother, you made him happy. God bless each of you. I will miss our chats !
