Arrangements are being handled by Dauderman Mortuary in Hamel, IL.

No arrangements will be scheduled.

# Tribute Wall

“ *Harold Hamann :*

*The man that many remember....*

*As a young man, he enjoyed water skiing with brother in laws, and making tunnels in the straw for all those nieces and nephews to play in. Attended birthday parties, family reunions where playing ball was a highlight, or Christmas gatherings watching the kids sit on Santa's lap and open gifts. Raising farm animals to help feed families and to give those 4H kids a project. Spending quality time laughing & joking, at a Sunday afternoon family lunch or while butchering and cutting up meat to feed his and sibling's families. How many hours spent behind the wheel of a tractor or riding on a wagon as hundreds of bales of hay and straw were baled and put up.*

*He made life long friends by sponsering the young adult group, being the guy to lend a hand to work on someone elses project, being the life of the party or cutting a rug at the local chicken dinner dance.*

*There are so many and these are just a few of the shared memories that many will remember. He was loved and will be missed. Until we see him again.*
