“ My mom leaves these for me to find ever since the day she left the physical world. Maybe it's just my hope that it's her; but I usually find them in the most extraordinary places.... I.e. somewhere not everyone will come across. Moreover, it's always been sort of a "thing" that my daughter, my mom and myself would do (when we all lived under the same roof) on steamy mirrors after a shower to leave each other messages. I don't believe in luck or coincidences. I believe in Love. And my mom had more love inside her heart than she could almost bear. I miss her & talk to her every single day & I truly believe it's her way of Letting me know that she sees me, hears me and is still with ALL HER GIRLS. Not to mention, my neice, Lucy Jeane, most definitely has soooo many of my mother's attributes; both physically and on a higher, spiritual level. I love you mama❤️
