“ I remember what a perfectionist Keith was in his painting. My mom, his aunt Kathleen, loved working with him to select colors and wall paper when she would update the house. Keith always did a first-class job. I also recall his love of cars, particularly a black Chevy back in the 60s, I think. It's comforting to think that he and Joann are together, although it is certainly hard for the family to lose both of them within a couple of days of each other.

“ Keith was a very special person to Jack and me. We spent many years going to the Duck's Unlimited Annual Events. Jack and Keith were dear friends from a very young age, hunting, fishing, going to the clubhouse in Jamestown and enjoying the Hug family. Keith and JoAnn enjoyed a very special relationship. I loved hearing them talk about their dancing evenings while listening to the radio. Their family was always top priority. I send my sincere condolences to the family during this time of loss. May God give you comfort and peace. My love to all, Betty Imboden
