“ Tim, wow, Im so sorry. I just heard today and was flooded with good memories of your sis and all the fun we had growing up. One month ago as we were planning our forty year reunion, I was asking Donelyn if she'd found her and was coming. Lisa and Susan Judd were going to fly in from Texas and I thought it would be so much fun for the 4 of us to laugh and get caught up. I hadn't talked to her in a very long time since she was living in I think, Idaho? but she'd been in my thoughts so much lately. Tina had a sparkle in her eye and a smile and a laugh that couldnt keep you from laughing right along with her. She was funny and kind and creative and she always had a way of making you feel better when you were having a tough day. I just wanted you to know that she will never be forgotten and that I posted the news on our class facebook page knowing that everyone would want to say a prayer for her and remember our beautiful childhood friend. May God Bless you with peace and memories to cherish, and may your smile, that she always loved so much, return again. With Love, Dana Denardo

“ I met Tina when I worked at Archiver's, she was a regular, I always enjoyed having her in class, she was funny, smart, creative and kind. After Archiver's closed I was lucky enough to be in the same Stampin' Up group as her and my MIL. Our side of the table was always known as the rule breakers and was always filled with laughter. She will be greatly missed.
