“ Dear Susie and Jeff. We have such happy memories of visiting at the lake and taking boat rides with your dad. I also remember checking out the interesting methods he would try for growing tomatoes - I seem to recall something about growing them inside tires?? We were out of town all week with Donna and David, and just heard about your dad a few minutes ago. We are so sorry we missed the services and so sad for your loss. Your dad was such a great man.

I am so sorry to hear of Uncle Maynard's death. Such a nice person, a caring husband and father. A few years back Mom and I went and did exercises with him in the activity room where he lived. Glad we got to have the time together, albeit short...with love and heartfelt condolences.
