“ *She was the best neighbor ever! Oh how we loved Nancy and Andy as we got to know them when we moved here in 1989. At the time my guys were two and five. For the first year, I didn't work so, taking Zach to kindergarten Nancy would come over and sit on the couch in case Logan woke up so I didn't have to drag him out. That was so wonderful of her and so very helpful. She was always happy, positive, and cheerful and could bring a smile and a laugh at all times. We used to giggle at what they would pack in their trunk to get them through the winter in Florida, let's just say a couple of cases were very valuable. LOL. We all love them dearly. She also very much enjoyed our miniature schnauzers through the years and we usually brought the dog to visit her as well. One of my fondest memories are them coming to our boys graduation parties and rocking out to the band in their lawn chairs. Logan and I were there for her 97th birthday and I treasure the little video I have of her giving her best toast. Lots of happiness, tears, and giggles that day from all of us. Rest in peace my precious friend. I know you're in Andy's arms again and you guys are playing cards, having a drink and loving every minute of it. We will miss you precious friend. Much love, Kimberly and Ron Tremmel, Zach and Logan XO 🙏*
