“ To my wonderful mother, my best friend. I miss you terribly, the pain is overwhelming. I know that I have to move forward, but all I can do right now is put one foot in front of the other. The grief engulfs me, overwhelms- I feel like I'm in a fog. I can't sleep knowing that in just a few hours I have to say my final goodbye for right now. Yet I know you're where you want to be and that's with Dad. It doesn't ease this horrendous pain, but I know you're happy being with him again. I will move forward in time and I remember all the good times, happy memories. I know that I will see you both again one day, and until then know that I love you so very very much. My beautiful momma, I know God is taking care of you and Dad. I love you both forever and ever.
