“ Norma (and Paul) were our neighbors for many years and were just the best. They watched my kids grow up and were so tolerant of and even said they enjoyed watching my son in the yard with his bikes, go-karts and eventually race cars and demo cars. She said she missed all the excitement and noise over at our house when he moved out. When my kids were little and disappeared, I always knew they had snuck over to their house to play games or work puzzles with Paul. My kids considered them their 3rd set of grandparents and called them Gma and Gpa Miller. They were like family. Norma always said she enjoyed looking at my flowers and our fireworks at our loud July 4th parties- which she never complained about, and our Xmas lights so we always put lights out on their side just for her. They were just they kindest people and I'll miss them both greatly and we'll all treasure the wonderful memories we have of them.
