“ My heart go's out to Ross's family and friends. Ross was a great friend and fellow motorcycle enthusiast. Our friendship began over motorcycles, I remember him flagging me down on the road for our first introduction. That was the point we realized we both owned the exact same model and year of BMW motorcycle, and discovered we both had worked at Basler Electric. We later both ended up owning the only two Moto Guzzi motorcycles I've ever seen in Highland. Sheryl and I always enjoyed our encounters with Ross around town or at the motorcycle shop in Edwardsville. Our visits always lasted 30 minutes or more as he was always interested in hearing of our adventures and was thrilled to tell us of his, which included stories of his experiences, family and friends. He always gave a friendly passing wave whether passing on motorcycles or while driving his car. He was always a joy to encounter, and had some of the greatest stories. We will miss him deeply. I still find myself looking for his friendly wave when motorcycling around town.

“ My heart is very sad to hear of my friend Ross's passing. We shared fun  
memories I will always treasure....standing in the freezing weather with our  
cameras photographing a comet in the night sky, riding and talking motorcycles,  
our discussions and jokes about Nikon cameras vs Canon, looking at that night  
sky through telescopes...

*I'll see you, my friend, in the night sky among those meteor showers! I will truly  
miss you.*

*Sandy*
