“ To Jerry and family we extend our heartfelt sympathy for your loss...

*Sharon and I were in Job's Daughters together and she was definitely someone we all looked up to and admired!*

*As I grew older, married and had children, Sharon once again entered my life as a nurse for Dr. Heineman. Russ and I found her strength, compassion and sense of humor very comforting when either of us needed medical attention and especially when our children needed care. One daughter had febrile seizures and Sharon was always calming...the other would go from a minor cold to pneumonia in a very short time and we were most grateful that Sharon was part of their care team. We were always glad to see her around town and feel blessed that she was part of our lives!*

*She will be missed.*
