“ *My deepest sympathy to the friends and family. Walter has been such a wonderful neighbor to my parents when they lived next door to him and then to me for all these years. You could always see Walt outside on pretty days working on or fixing something. Also out working in his garden, that looked like it was taken from a magazine! I always enjoyed our visits and his interesting stories. He lived life to the fullest. Enjoyed riding his bike. We'd talk about the bike rides and complain about the wind. You are missed already and will be missed every day. Enjoy your Garden in the sky, along with those little blue flowers!! (thanks for not mowing them). Thanks for being such a Wonderful friend and neighbor!! Until we can meet again and have a glass of ice tea and chat. ♡in Loving memory♡*
